Caminos

Francés 2008, 2017
del Norte 2018

Introduction - Since 2008 my wife and I have walked a portion of the Camino *francés* each year when visiting our daughter in Madrid. In 2017 a friend and I walked the entire length from Saint-Jean-Pied-de-Port to Santiago. Whenever I'm with fellow pilgrims, whether at the national Gathering, a local chapter event or a chance encounter, I relive that feeling of peace and joy and welcome that calls me back to the Camino. The gifts we receive there are too precious not to be nurtured and shared. That's why I'm grateful for American Pilgrims on the Camino.
